***Let me say a Happy New year for 2021 with fine health for mind and body, Open and Customer centric spirit to be prevailed in our personal, business and social life!***

This year's zodiac sign for the year 2021 is the "Shin-ox" (辛丑). I was born in 1937, that is also the year of Ox (Japanese pronounce "Ushi"), so next 2021 is Ox year. We call it "my year cycle" of 12 years. I write every year in Classic Japanese school of Brush writing by a writing brush using India ink "the Zodiac word of OX" = "丑" in artistic way.

A way to measure the future in every 120 years combinations (5 Natural Elements (Tree, Fire, Soil, Metal, Water) X2 positions(+Positive & -Minus) X(12 Animal( Rat, Ox, Tiger and so on) years cycle based on the providence of nature.

"Ox" alone represents the accumulation of life energy that is about to burst forth."But," 辛 (Shin) "means" very hot + fire"; thus; The year 2021; "Shin-ox" (辛丑) means "The year of painful decline" and "New life" that will mutually reinforce each other. "

What is learn points? That is: Please prepare wisely enough what to do in advance to protect yourself, if that "hot shin" triggers the decline trend as Shin implies against to you. Because of that, at the stage of New year, you have to Thanking in advance with Millions of Thanks for Christ at Christmas and Buddha for New year, please help.

Starting from my brother and sisters in blood and my families, my American brothers and sisters & many personal and business friends and all good persons, be helped! friends!

With all my client, customers help, I, personally, have been pretty healthy this year but very busy these 2Q to 3Q to cope against COVID-19 Pandemic, my job depend very much for speech, teaching, consulting, all based upon F2F meeting and parties and visiting by trip for F2F negotiation and skin ship.
